

ज्ञानं परमं बलम्

The Gyanaya School

A complete Kindergarten School
Affiliated to CBSE Board

PROSPECTUS

Welcome...

"To be truly educated a student must also make connections across the disciplines, discover ways to integrate the separate subjects and ultimately relate what they learn to life."

~Ernest Boyer

"When you are doing any work do it as worship, as the highest worship, and devote your whole life to it for the time being".

"You are what your deep driving desire is, As your desire is, so is your will. As your will is, so is your deed. As your deed is, so is your destiny" Brihadaranyaka Upanishad IV, 45

- Raj Kumar Agarwal

*Founder
The Gyanaya School*

Ravi Prakash Agarwal

Founder & Chairman

Never underestimate the importance of hard work, it does not matter whether you are talented or not. Remember, if you are less talented it could be compensated with hard work. And there is no substitute of hard work and hard work does not go waste, it pays off at the end. Remember, fortune favours the brave and brave only deserves for the fair. Therefore, if you want to become a successful person in life you must work hard against all the odds to achieve the desired success and finally you will be in position to attribute your success to hard work rather than your luck because good luck comes from hard work.

Who ever you are, wherever you may live,
whatever circumstances you are in,
you have to remember that adversities,
trials and tribulations make you a fine person.

- Naveen Prakash Agarwal
Co-Founder

Mrs. Anita Magan
Principal

Education is not the name of any degree or certificate that can be shown to others as a proof but it is a name of our attitude, action, language, behaviour and personality with others in real life. It is a life-long learning process. Learning happens all the time; not only in a pre-designated place called the school but at every place.

When it comes to rethinking our current education system, a holistic education offers exciting alternatives. At The Gyanaya School we are continuously working on a holistic curriculum. Our distinctive academic programmes and innovative teaching methodologies encourage students to develop critical-thinking and learn through enquiry and reason, to exchange thoughts and ideas, to develop key personal and social values, to take ownership for his/ her choices and to set goals to realize their own unique potential.

Shaping young, impressionable minds is one of life's biggest challenges. We aim to empower our students to grow as individuals with strong open discerning minds with an international perspective, preparing them to make a mark in the global village - the world has come to be today.

ज्ञानं परमं बलम्

Our Mission "INDIA FOR WORLD"

MISSION

The mission statement of the school is aligned with the mission of CBSE to develop, enquiring, Knowledgeable and caring young people who help to create a better and more peaceful world through inter-cultural understanding and respect.

MISSION STATEMENT OF THE GYANAYA SCHOOL

The Gyanaya School aims to move forward with the already adopted motto "Knowledge is everything" and the Mission **"INDIA FOR WORLD"**

- » **N**urture innocence, uniqueness and creativity.
- » **D**evelop concern for environment in particular and the Planet Earth in general.
- » **I**mbibe entrepreneurial skills & international mindedness.
- » **A**cquire habit of inquiry.
- » **F**oster international education system.
- » **O**pen mind for the development of intellect, self-esteem, self-confidence and critical learning.
- » **R**espect one-self and others.
- » **W**elcome the change and develop it with a positive attitude and vision.
- » **O**rganise self-discipline.
- » **R**ight environment to develop inquisitiveness for learning and to dissipate learning beyond the classroom.
- » **L**earners for life time and leaders of tomorrow.
- » **D**evelop the virtue of understanding others' perspective.

VISION

Education is to prepare the students for life. They should be able to step out into the real world with the confidence to deal with diversities and achievements. Gyanaya is providing the highest standards of education and our programs offer peace of mind to every parent. We understand education and justify our Motto "Knowledge is every thing".

ACADEMICS OVERVIEW

Gyanaya is intrinsically a space that has been well thought of both in its philosophy and methodology to engage, energize, enlighten and empower the students as learners for lifetime and leaders of tomorrow.

Teaching Methodology

- We use wide range of teaching methods, keeping in mind the diverse needs of the future global citizens.
- We continuously refurbish, reinvent and appraise the classroom and teaching-learning strategy to create the most appropriate educational opportunities that your child deserves.
- We believe that all students have unique talent, whether in academics, sports, communication, technology, art, craft or drama. **For us every child is special!**
- Our mission is to recognize and enhance each individual's special talent and provide them the opportunities, in day to day classroom situation, to learn better.
- Students differ in their individual learning styles, and each student possesses a unique combination of multiple intelligences. Our integrated teaching methodology nurtures a stimulating learning environment to encourage students to learn at higher levels.
- We focus on integration of knowledge, development of critical thinking, problem solving and performance skills. Such a learning environment encourages the students to enjoy lessons, try out new things and to think creatively and independently.
- Our approach towards teaching - learning methodology ensures that students are being exposed to a holistic education experience in an active and dynamic learning environment. We give them the opportunity to identify and realize their potential and to achieve excellence in life.

Our Philosophy

Love, Learning and Understanding, are the meaningful words that makes us believe in the proper intellectual development of the child. It is on these three words that our Philosophy is based. At Gyanaya we believe that we need to be a vital extension of your family, sharing love and concern for your children and work together to build a foundation for their happiness and success. Our intent is to give back to childhood its inner calm and playfulness.

Security and Safety

In order to give you complete peace of mind, the safety & security of the children is of utmost importance at Gyanaya children are released only to those individuals listed on the child's records, at the time of enrollment. Gate is maned by guards and staff with safety and security always in mind. All our employees are required to wear identification badges and are thoroughly screened before employment. All transport staff is appointed only after their Police Verification.

Parent / Teacher / School Triangle

At The Gyanaya School we encourage parents to participate in their child's learning process. To further parent / teacher communication, we schedule routine interactions.

Weekly and monthly reports go home to inform you of the Child's individual activities and events. The parent / teacher / school triangle is an integral part of the healthy development of each child. PTM (Parent Teacher Meeting) is held regularly.

Children at The Gyanaya School are exposed to an experimental interaction with nature.....

A teacher is exposed to understand her own self worth vis a vis the world around. She is constantly aware of the development stages of the child in order to make the appropriate individualized lesson plans for each child as well as interact with the parents about the child's progress.

Learning is approached with a harmonious balance between inner directed and outer directed activities related to Prithvi, Jal, Aakash, Vyahu... The importance of the soil from which the little one takes sustenance, the air he/she breathes, the sights and the sounds, all mould the little habits of tomorrow and it is from these that the Gyanaya emerges.....

Children at The Gyanaya School are taught to appreciate simplicity and are gradually led to a path of observation and then participation. Children are encouraged to ask queries. The more answers are given to them, the more their minds get acquainted with the real world.

We offer our children the very best in education, in a safe learning environment. Our endeavor is not to tutor, but to set the base for future learning. The primary aim being to raise the curiosity levels of the child without lowering their dignity. Teachers interact in a manner, which is personalized and interactive thereby enhancing the child's emotional, physical and intellectual growth.

School Facilities/Credentials

The school has well ventilated AC Class Rooms, Play Area, Splash Pool and Activity Room for the students to enjoy and explore the world around them.

Library : We encourage love for reading from nursery to senior classes, for which well equipped class library and school library cater to the need of every student.

Labs : Computer Lab serve as tools to making learning more authentic and practical based.

Art & Drama : We encourage all students to explore their creativity through the various art forms of Dance, Music, Art and Theatre.

Excursion and field Trips: To enrich the school curriculum, excursions and field trips to Indian Veterinary Research Institute, Religious Places, factory visits etc. are planned for pupils during the year. The School effectively utilizes the resources and expertise's of the community to enhance learning within the programme.

School Diary App : This facility provides platform / provision for all parents to keep themselves abreast of all the news events, activities of the school.
